NOTE: The role of the Children & Nature Network (C&NN) is to help build the children and nature movement, and to help parents and others learn about ways they can connect children to nature. Let's G.O.! is an approach we wish to encourage. However, C&NN is not responsible for the activities and safeguards associated with events scheduled to reconnect children and nature. At any time, when children are outside on their own, or with families and friends, everyone should take safety precautions and be mindful of risks.
